JOHANNESBURG

## JOHANNESBURG DAY TOURS

RATES VALID 01/11/25-31/10/26

Johannesburg is a massive city where opposites collide to create an interesting city of contradictions and extraordinary charm. The city is the economic powerhouse of South Africa, and as a result has some of the most high- end shops and restaurants in the country.

This urban sophistication stands in stark contrast with the many local street vendors and informal African spaza shops. Popular attractions include the Apartheid Museum, Constitution Hill, Nelson Mandela Square, and Sandton City. Townships tours are a cultural immersion, and the Maboneng Precinct is a must, east of the city. Maboneng means 'place of light' and this district is becoming known as Johannesburg's centre of creativity for urban artists. Sun City and the Pilanesberg National Park are well known and celebrated destinations as well as the Cradle of Humankind, the place of all human origin.
